- Any evidence of criminal activity will be reported to the police immediately.
- Anyone who acts on epX's behalf must be advised of the existence of, and operate at all times in accordance with, our anti-bribery and corruption policy.

This policy is part of the epX's approach to corporate governance and therefore applies to all office locations.

EpX applies a "zero tolerance" approach to acts of bribery and corruption by any of our employees or by contractors working on our behalf. Any breach of this policy will be regarded as a serious matter by epX and is likely to result in disciplinary action or termination of contract.

EpX is committed to preventing bribery in all its forms and in every location in which we operate. We expect nothing less of our employees and our suppliers.
